

Made in Edmonton

The Edmonton site first opened in 1974 and is the only site in GB that sits within the M25. It produces 262,000 litres an hour - that's 27,000 litres every second.

7 production lines

- 2 large PET
- 2 small PET
- 1 glass
- 1 bag in box
- 1 ARCA line

162 million
unit cases
produced per
year

25,000
pallets on-site,
handling **180**
slots a day

Supporting our economy

Coca-Cola Europacific Partners may be a global company, but we are a local business. We have our roots firmly in those communities in which we do business, contributing to both local and national economic development.

Local investment in GB reached **£150 million** in capital expenditure over the last 2 years. Since 2010, our total operational investment in GB stands at £700 million. We have invested **£30 million** in our **Edmonton** site since 2017.

273 DIRECT EMPLOYEES
at our Edmonton site

3,000 INDIRECT JOBS
in manufacturing, transport, agriculture,
retail, small business and more

That means **every job at Coke**
supports 11 jobs elsewhere
in the economy

Acting responsibly

We want to grow our business in a way that manages our social and environmental impacts responsibly and makes our people and our stakeholders proud.
