

## Made in Wakefield

The Wakefield site first opened in 1989. It is the largest plant by volume in Europe and produces 11,000 bottles and cans every minute – that's over 188 every second

### 10 production lines

- 5 canning
- 3 small PET
- 2 Preform

### 197 million

unit cases produced per year

### 40,000

pallets on-site, handling 4m pallets a year

## Supporting our economy

Coca-Cola Europacific Partners may be a global company, but we are a local business. We have our roots firmly in those communities in which we do business, contributing to both local and national economic development.

**Local investment** in GB reached **£150 million** in capital expenditure over the last 2 years. Since 2010, our total operational investment in GB stands at £700 million. We have invested **£87 million** in our **Wakefield** site since 2017.

**500 DIRECT EMPLOYEES**  
at our Wakefield site

**5,555 INDIRECT JOBS**  
in manufacturing, transport, agriculture, retail, small business and more

That means **every job at Coke supports 11 jobs elsewhere** in the economy

## Acting responsibly

We want to grow our business in a way that manages our social and environmental impacts responsibly and makes our people and our stakeholders proud.

**100% RENEWABLE**  
electricity for over 10 years

**62% REDUCTION**  
in our carbon footprint at Wakefield since 2010

**ZERO WASTE**  
to landfill for over 10 years

**20% OF OUR ENERGY**  
is sourced from our **Solar Farm** in Wakefield

## Supporting our community

We want to act as a **force for good** by championing inclusion, diversity and economic development in society.

**SUPPORTED 17 CHARITIES**  
in the past 3 years, including

forget me not children's hospice

**£29,000**  
donated to Wakefield local charities through the CCEP Community fund since 2019.

**46 APPRENTICES**  
on the career builder and early career programmes at Wakefield since 2014.
